

IOS viewers if you have updated to version 9 **please update to 9.0.1** as 9.0 will not work on IOS devices.

Live Stream Troubleshooting:

If you do not see the live stream first try refreshing the page.

Also try holding the “shift” button while refreshing the page.

If viewing on a computer make sure your Adobe Flash is up to date.

<https://get.adobe.com/flashplayer/>

The live stream requires at least 1Mbps connection (If you are having continued buffering issues try connecting to a wired network for a more stable connection)

Test your connection here:
